

CREATOR OF RECORDS:

AS Kastor was established in 1911 and was granted in the same year a whaling licence from Portuguese West Africa for the floating blubber boiler *Benguela* and *SS May*.

General manager and significant shareholder was N. Bugge. The company founded St. Anne, a land-based station in Tiger Bay. The first whaling season was promising, but catches stagnated and in 1914 the company was dissolved without loss for its shareholders.

The company's floating blubber boiler *Benguela* was sold to AS Hektor (A-1582).

THE ARCHIVE:

AS Kastor's archive comprises 0.9 linear shelf metres and spans the years 1911 to 1915. The archive contains a management meeting book, copy books, correspondence, shareholder register and some accounts.
